EDUCATION

Emory University Ph.D. in Computer Science and Informatics	Aug. 2025 – Present <i>Atlanta, GA</i>
University of California, Irvine Bachelor of Science in Informatics Minor in Information and Computer Sciences Advisors: Dr. Armando Beltran, Dr. Franceli Cibrian, and Dr. Gillian Hayes	Sep. 2021 – Jun. 2025 <i>Irvine, CA</i>

RESEARCH EXPERIENCE

Graduate Research Assistant <i>Emory University</i>	Aug. 2025 – Present <i>Atlanta, GA</i>
<ul style="list-style-type: none">Recruiting participants for a matched-design user study extending prior research on visual and tactile encodings through online recruitment platformsConducting a literature review to explore how individuals with central vision loss can be better supported in performing detail-oriented tasks, particularly when reading physical materials (e.g., books and newspapers)	
Undergraduate Research Assistant <i>University of California, Irvine</i>	Jun. 2023 – Jun. 2025 <i>Irvine, CA</i>
<ul style="list-style-type: none">Analyzed qualitative data from smartwatch user studies to uncover recurring themes and gain actionable insightsDesigned and developed interactive Streamlit dashboards to visualize clusters of 109 distinct themes in order to highlight key contextual and semantic relationshipsUtilized ChatGPT 3.5's API to automate and refine the extraction of contextually relevant themes from user studies and feedback	
Undergraduate Research Intern <i>University of California, Berkeley</i>	Jun. 2024 – Aug. 2024 <i>Berkeley, CA</i>
<ul style="list-style-type: none">Developed an information retrieval system to capture key values (e.g., dates and case IDs) across 490 legal documents totaling 32,849 pagesImplemented a semantic search-based clustering approach to group legal documents by contextual similarityBuilt interactive user interfaces with React.js and TypeScript to visually present comprehensive document analytics for various stakeholders (e.g., journalists and legal professionals)	

TEACHING EXPERIENCE

Course Grader <i>University of California, Irvine</i> <i>Course: Information Visualization</i>	Mar. 2025 – Jun. 2025 <i>Irvine, CA</i>
<ul style="list-style-type: none">Graded and provided constructive feedback on roughly 125 assignments at a timeResponded to course-related questions on EdDiscussion, assisting an average of 10 students per weekCollaborated on continuous updates and enhancements to course materials	
Undergraduate Learning Assistant <i>University of California, Irvine</i> <i>Course: Programming with Software Libraries</i>	Jan. 2023 – Jun. 2025 (3 quarters) <i>Irvine, CA</i>
<ul style="list-style-type: none">Guided students through Python programming concepts to a cumulative total of 85 undergraduate students that were primarily freshmen and sophomores with limited experience across Winter '23, Spring '24, and Spring '25Aided undergraduate students in learning how to use GitAssisted in proctoring a 159-student final exam during Spring '25	
Undergraduate Learning Assistant <i>University of California, Irvine</i> <i>Course: Programming with Software Libraries Accelerated</i>	Sep. 2023 – Dec. 2023 <i>Irvine, CA</i>

- Taught Python programming concepts to **50 undergraduate students** that were primarily third year transfers and freshmen with prior programming experience
- Provided focused, small-group debugging instruction to **3–5 students per session**
- Helped undergraduate students transition from their prior programming experiences in languages such as Java and JavaScript to Python
